The lender must meet the eligibility criteria specified in the Texas Constitution Section 50(a)(6).

Eligible loan products available under the Texas 50 (a)(6) loan program include the Key Loan Standard and Agency Standard, as follows:

- Fully Amortizing Fixed Rate, and
- For Agency and Key loans, Fully Amortizing 5/6-Month, 7/6-Month and 10/6-Month SOFR ARMs.

Loan Origination and Compliance

General

Non-AUS

By sale of a Texas Section 50(a)(6) mortgage loan to Truist, lenders represent and warrant that the mortgage loan complies with the Article XVI, Section 50(a)(6), of the Texas Constitution and all applicable requirements of this document.

- The borrower's first payment must be due no later than two months after closing.
- The lender must provide the title company with a detailed closing instruction letter, and require an acknowledgment of its receipt.
- The closing instructions must require the title company to conduct the closing in a way that ensures compliance with all applicable provisions of Section 50(a)(6) of the Texas Constitution. For purposes of the compliance with the acknowledgment of the "fair market" value of the homestead property requirement, the "fair market value" must be based on an appraisal and the appraisal must be attached to the written acknowledgment.
- If an appraisal is obtained, the lender is responsible for providing the borrower disclosures and requirements described in the "Appraisal Quality Matters" section subsequently presented in the [Section 1.07: Appraisal Standard](#).
- The proceeds from a Texas Section 50(a)(6) loan must not be used to acquire or improve the homestead if a loan for that purpose could have been made under a different provision of the Texas Constitution. Truist has no other restrictions on the use of the loan proceeds.
- If the new loan is a Texas Section 50(a) (6) refinance transaction originated to cure a failure in the original loan to comply with Texas Constitution Section 50(a)(6), then the new loan is eligible for sale to Truist provided that it complies in all respects with Truist's requirements.

Fannie Mae DU

Follow DU requirements which are the same as non-AUS requirements, in addition to the following:

- DU does not contain the specific eligibility rules needed to determine eligibility of Texas Section 50(a)(6) loans under Texas Constitution Section 50(a)(6) or this document. Lenders must determine whether refinance loans secured by properties in Texas are eligible for sale to Truist, and should be aware that even though a loan may receive an "Eligible" recommendation, the loan may not comply with Texas Constitution Section 50(a)(6) or be eligible for delivery according to Texas Constitution Section 50(a)(6) or this document.

The borrower's property may not exceed the applicable acreage limit as determined by Texas law when the Texas Section 50(a)(6) loan is originated.

A borrower that owns adjacent land must submit appropriate evidence, such as a survey, that the mortgaged homestead property is a separate parcel that does not exceed the permissible acreage.

Note: An *inter vivos* revocable trust that meets Fannie Mae's borrower eligibility criteria may be a borrower under a Texas Section 50(a)(6) mortgage, provided that the trust meets the requirements for a "qualifying trust" under Texas law for purposes of owning residential property that qualifies for the homestead exemption.

Refinances

General

Non-AUS

- Lenders should be aware that Fannie Mae's classification of mortgage transactions as "cash-out refinance" or "limited cash-out refinance" may differ from the way mortgage loans are classified under Texas law for purposes of compliance with the Amendment. Texas law determines whether or not a mortgage is a Texas Section 50(a)(6) mortgage.
- The lender is responsible for determining the applicability of Section 50(a)(6) of the Texas Constitution, regardless of Fannie Mae's definitions of cash-out and limited cash-out refinance transactions, including the applicable special feature codes.
- All mortgages that constitute Texas Section 50(a)(6) mortgages under Texas law must comply with these provisions, regardless of whether a loan is classified as a cash-out refinance or a limited cash-out refinance.
- Accordingly, lenders should not rely on Fannie Mae's categorization of refinance mortgages for purposes of determining whether compliance with the provisions of Section 50(a)(6) is required. Rather, such lenders should consult with their counsel to determine the applicability of Section 50(a)(6) to a particular loan transaction.

Note: For any refinance of a Texas Section 50(a)(6) loan that results in a loan originated in accordance with and secured by a **non-50(a)(6)** lien permitted by Article XVI, Section (a)(4) of the Texas Constitution, an affidavit referenced in Section 50(f-1) Article XVI of the Texas Constitution must be prepared and recorded in connection with such transaction.

Fannie Mae DU

Follow DU requirements, which are the same as non-AUS requirements.

Freddie Mac LPA

Follow LPA requirements, which are as follows:

- The generally accepted commercial terms used to describe mortgages originated under Article XVI of the Texas Constitution ("cash-out refinance," "rate-term refinance") may not correspond to the meaning given the same or comparable terms by Freddie Mac.
 - Lenders must understand the distinctions between Freddie Mac's refinance definitions and the provisions of Section 50(a)(6) and determine when Section 50(a)(6) applies, regardless of the definitions of cash-out and "no cash out" refinance transactions.
 - The lender is responsible for determining whether the proposed refinance of a mortgage secured by the borrower's homestead in the State of Texas is a mortgage that must be originated pursuant to Section 50(a)(6) of Article XVI of the Texas Constitution.
-

Secondary Financing

Home Equity Lines of Credit (HELOCs)

Home Equity Lines of Credit (HELOCs) are not permitted.

Appraisal Requirements

General

Non-AUS Agency Loan Standard and the Key Loan Standard

- Lenders must obtain a new full appraisal (i.e., traditional), including both interior and exterior inspections, to determine the property's current value on either *Uniform Residential Appraisal Report* (Form 1004), or *Individual Condominium Unit Appraisal Report* (Form 1073). The appraisal must be attached to the written acknowledgement of fair value.
- All "Lender Responsibilities" requirements outlined in the "Appraisal Requirements / Lender Responsibilities" topic/subtopic within [Section 2.01: Agency Loan Standard](#) or [Section 2.06: Key Loan Standard](#), as applicable, must be met.
- The appraisal for the property and the acknowledgment of fair market value must not include any property other than the homestead.
- The survey (or other acceptable evidence) must demonstrate that:
 - the homestead property and any adjacent land are separate parcels, and
 - the homestead property is a separately platted and subdivided lot for which full ingress and egress is available.
- The lender must not have any interest (such as an option to purchase, a security interest, or an easement) in any parcel adjacent to the homestead property that is owned by the borrower, if such interest could constitute additional security for the Texas Section 50(a)(6) mortgage loan.

Truist Notes for the Key Loan Standard:

The minimum appraisal requirements for the Key Loan Standard are based on the loan amount.

- Reference: See [Section 2.06 Key Loan Standard](#) of the *Correspondent Seller Guide* for Appraisal Requirements.
- Reference: See [Section 1.07: Appraisal Standard](#) the *Correspondent Seller Guide* for additional information.

Appraisal Requirements, continued

General, continued

Fannie Mae DU

Follow DU requirements, which are the same as non-AUS requirements, except as follows:

- Lenders must obtain a new appraisal (traditional or hybrid) to determine the property's current value even if DU recommends a value acceptance (appraisal waiver), or value acceptance + property data offer. The appraisal must be attached to the written acknowledgement of fair value.

Truist Notes:

- For loan casefiles that are eligible for a hybrid appraisal option, DU will issue a message informing the lender they can obtain an appraisal reported on Form 1004 Hybrid or Form 1073 Hybrid. DU will also issue messages for other appraisal options. The lender may select from any of the options presented, which may include a hybrid appraisal or traditional appraisal.
- DU loans originated with a hybrid appraisal must be underwritten by the Correspondent lender (approved by Truist for delegated underwriting authority). DU loans originated with a hybrid appraisal are not eligible for purchase if Truist underwrites the loan.

Freddie Mac LPA

Follow LPA requirements, which are as follows:

- The lender must provide an appraisal (traditional or hybrid) that:
 - Meets Freddie Mac requirements, and
 - Complies with Section 50(a)(6)(Q)(ix) and Section 50(h) of Article XVI of the Texas Constitution.
- To meet the requirements for acknowledgment of fair market value, the lender must:
 - Along with the owner of the homestead, execute a written acknowledgment of the "fair market value" of the homestead property as of the date the extension of credit is made
 - Attach the appraisal report to the acknowledgment
- An Automated Collateral Evaluation (ACE), including an ACE+ PDR, is not eligible.

Truist Notes:

- For loan casefiles originated with a hybrid appraisal, the last LPA Feedback Certificate must indicate the mortgage is eligible for a hybrid appraisal report.
- LPA loans originated with a hybrid appraisal must be underwritten by the Correspondent lender (approved by Truist for delegated underwriting authority). LPA loans originated with a hybrid appraisal are not eligible for purchase if Truist underwrites the loan.

Closing and Loan Settlement

Mortgage Documentation

Section 50(a)(6) of Article XVI of the Texas Constitution permits a home equity loan to be secured by the borrower's homestead property under certain conditions. Mortgages originated under this provision are referred to as Section 50(a)(6) mortgages. This provision includes numerous consumer safeguards and significant lender penalties for noncompliance.

A special security instrument, notes and riders must be used in connection with Texas Section 50(a)(6) mortgage loans, and a special affidavit must be prepared and recorded with each Texas Section 50(a)(6) loan transaction. Lenders must use the following documents:

- *Texas Home Equity Security Instrument (First Lien)* (Form 3044.1)
- The specific Texas Section 50(a)(6) notes and riders, and
- *Texas Home Equity Affidavit and Agreement First Lien* (Form 3185)

Because of the complexities involved in closing Texas Section 50(a)(6) loans, lenders must provide the title company with a detailed closing instruction letter and require an acknowledgment of its receipt.

The closing instructions must require the title company to conduct its closings properly to ensure compliance with Texas Constitution Section 50(a)(6). To assist in this endeavor, the *Texas Home Equity Affidavit and Agreement First Lien* (Form 3185) must be prepared and recorded in connection with each Texas Section 50(a)(6) loan transaction. Truist suggests that a lender also require each borrower to sign a closing receipt that itemizes the documents that he or she received at closing.

- The title insurance policy cannot include language that:
 - excludes coverage for a title defect that arises because financed origination expenses are held not to be “reasonable costs necessary to refinance,” or
